YOUR FINAL PROOF

Although we have a duty of care and we strive 100% of the time to get things right, things do go wrong and hence we have to draw the line somewhere and the ultimate responsibility for your printing printing going wrong is in your hands - that's why we stick warning signs and make you sign off your final proof.

FACT: The worst people in the world to proof a job are the people that have been involved, we all tend to read what we think we have written.

So use a fresh pair of eyes and meticulously check EVERY detail.

Once it's printed - you've lost your money!
